Web: www.fleurycattlecompany.com

*Welcome* to Fleury Cattle Company's annual Two-Year-Old Black Angus Bull Sale. This past year has had its share of uncertainty and has become a part of our lives that we will never forget. It has forced us to take a step back and has reminded us of the many things we are grateful for. I feel it has created a new level of respect and appreciation for the people in the agriculture sector. We should be proud to be involved in such an incredible industry; I feel the demand for our product has never been greater.

I would like to thank all who have bought bulls from us in the past; your trust in our program is certainly appreciated. We would also like to thank the staff at Saskatoon Livestock Sales for the many years of excellent service hosting our bull sale. We are, however, excited to announce that we will be hosting this year's bull sale in our new sale facility at the ranch on Thursday, April 15th at 3PM.

We continue to breed the most current outcross straight Canadian Angus genetics available on the market today. Our Canadian genetics are predictable, consistent, unique, and rare to North America and the world. Our involvement in the commercial cattle industry has enabled us to understand what type of cattle are required in order to satisfy the needs of the cow-calf producer, feedlot, and packer. We are totally committed to supplying the right kind of beef bulls to the commercial cattleman.

When sourcing breeding stock from Fleury Cattle Company you are investing in a proven breeding program. We keep our finger on the pulse of the beef industry and breed cattle to fulfil industry demands. Our mission is to supply our customers with a quality product with quality service. Our job doesn't end until your cows are bred. We strive to create long term working relationships with our customers and feel the success of our program is measured by the success of our customers.

Our customers' health and safety is a priority to us. We encourage you to come out to the ranch prior to the sale to view the bulls and will ensure a safe, socially distanced environment. With today's regulations we plan to have a live auction broadcasting on DLMS and host a small crowd following social distancing guidelines on sale day. Please contact us prior to sale day if you plan to attend in person so we can ensure numbers follow current guidelines. We offer a sight unseen purchase program and with the help of DLMS and our sale staff we hope to make your bull buying experience a safe and enjoyable one.

Sincerely,  
*Matt Fleury*

## SALES STAFF

### *Auctioneer*

Col Steve Dorran ..... 760-972-7736

### *Ring Service*

Craig Flewelling ..... 403-556-0515

### *Ring Service*

## BID LIVE AND ONLINE

Mark Shologan ..... 780-699-5082  
[www.dlms.ca](http://www.dlms.ca)

Can't make it to the sale? Internet Bidding available.

To view this sale visit [www.dlms.ca](http://www.dlms.ca) Fill out the registration form located under registration and sign-up for your free user account and select a username and password.

BIDDERS - To be approved as a bidder, login to [www.dlms.ca](http://www.dlms.ca) and click BUYER APPROVAL tab, select the sale you are interested in bidding at and click sign up.

## ■ STANDING BEHIND WHAT WE SELL

All bulls in the sale are semen tested, scrotal measured and vet inspected by a licensed veterinarian. All buyers will be provided with a semen evaluation certificate.

## ■ SIGHT UNSEEN PURCHASE PLAN

If you are unable to attend the sale, you can have Matt handle your purchase. Nobody knows the bulls better than Matt and he can assist you in the selection of your bull. Please contact him by phone at 306-291-3960.

## ■ TRUCKING

Free delivery to Saskatchewan, Manitoba and Alberta. For purchases going beyond, we will help accommodate delivery as economically as we can. All bulls will be delivered to your farm or central points following the sale.

## ■ TERMS AND CONDITIONS

**TERMS** The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and, in cases of disputes, the auctioneer's decision will be final.

Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced on sale day. All monies are in Canadian funds.

**CERTIFICATE OF REGISTRATION** Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

**HEALTH** All animals in the sale have met all necessary health requirements.

**GUARANTEE** Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

**LIABILITIES** All persons attend the sale at their own risk. The seller, facility owner, auctioneer and sale staff assume no liability, legal or otherwise, for any accidents that occur.

**INSURANCE** Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

**THE RIGHT TO COLLECT SEMEN** Fleury Cattle Company reserve the right to collect semen for within herd use on any of the bulls sold at their expense and the buyer's convenience.

## ■ BULL DEVELOPMENT

I believe bull development starts from the day they are born. At Fleury Cattle Company, calving starts April 20th; the calves are born on grass in their natural environment. Canadian winters get very cold and spring calving eliminates any stress that the cow and calf may experience by calving in the cold. Calving on grass is virtually stress free for mama and baby.

The calves are raised on the cow for six months with no creep feed. Calves are weaned in November and in the first year the yearlings are put on a TMR ration not exceeding 1% of body weight of grain per day, maintaining a 2.5 lb daily gain. Feeding the bulls out on a light ration promotes growth development; the bulls are not pushed. The first week in May they are then turned out on seeded forage pastures where these bulls grow frame and are developed in a natural environment. The bulls walk for their feed while grazing all summer. This grazing process develops their athletic ability, frames the bulls out, and develops their joints and muscle at an acceptable pace.

We bring these bulls home from grass in early fall and they are put on a TMR ration designed for a 3-3.5 lbs daily gain. These bulls are developed with longevity in mind. On sale day these bulls will have reached 75% of their mature weight as a two-year-old. Running two-year-old bulls gives a better idea of what that bull is going to mature into. Two-year-old bulls are capable of covering more cows and require less development. We believe a two-year-old bull is past the calf stage, knows he is a breeding bull, and is ready to go out and breed cows.

As agriculture evolves we notice farms and ranches expanding. With this growth, operations need to be more efficient and economical to sustain a profitable operation. Due to ranchers expanding their cow herds, cattle are run in larger groups and the demand for two-year-old bulls has never been greater.

Fleury Cattle Company only sells two-year-old bulls and every bull goes through our Bull Sale. No yearling or two-year-old bulls are sold off the ranch. We believe in developing our bulls for our customer. We are proud of the fact that all bulls sale day are ready to breed and cover more cows and also have a better chance of survival when turned into multiple bull sire pastures.

## FLEURY CATTLE COMPANY EPDS

As a seed stock producer, Fleury Cattle Company is committed in providing accurate data. Straight Canadian EPD data has not accumulated enough accuracy to become a true reflection on these genetics. We continue to work with the Canadian Angus Association to build accurate EPDS on Canadian bred cattle.

## IDENTIFYING CANADIAN PEDIGREED ANGUS CATTLE

Animals with a standard three generation pedigree made up of all Canadian genetics will receive a designation of “Canadian” and a maple leaf will adorn the registration certificate.

Animals with a five generation pedigree made up of all Canadian genetics will receive a designation of “Straight Canadian” and a Canadian flag will adorn the registration certificate.

### *An essential part of our team -* **BEN ENS** HERDSMAN AND FARM OPERATIONS

We are pleased to have Ben Ens join our team. Ben helps manage feeding, mechanics, welding, farm operations, and many more tasks that make him an asset to our operation.

Here is a straight Canadian-bred bull that has heavily influenced Fleury Cattle Company's program. Double AA 50'08 carries excellent bone, lots of mass and muscle, and has a picture-perfect foot. RCE 50'08 is a bull that has been admired by many commercial bull buyers, and international guests. Double AA Bardolene 50'08's progeny are very stylish; he has proven to stamp his calves. Sons, daughters, and semen have been sold throughout Canada and the USA and have been a big influence on these programs. The Annie K cow family is highly regarded within the Angus industry, excelling in numerous purebred operations; 50'08's pedigree has some of the most influential ANNIE K cows that have ever existed. 50'08's dam, DOUBLE AA ANNIE K 280'96, is a well-recognized cow in the Angus business. This cow produced many successful herd bulls for Double AA Angus and is the grandmother to the well-known Double AA Old Post bull.

This strong herd bull was discovered the spring of 2007. Double AA Blackman 414'06 was our pick of the Dillabaugh's 2007 yearling bull pen. We bought half interest in this bull at the Rancher's Choice Bull Sale in Medicine Hat. This bull has sure proven himself, producing many females retained in our herd. The Blackman 414'06 sons have worked well for the commercial cattlemen, leaving calves that have extra growth and performance. This bull has an 80 lb birth weight, 708 lb weaning weight, and a 1411 lb yearling weight. The numbers are right, his daughters are producers, and his sons are simply good. He has great ultrasound data with AAA marbling, 13.35"2 REA. Double AA Blackman 414'06 has had a huge influence on our breeding program, leaving numerous females with that added length of body and performance.

Ranchers Choice Bardolene 112C was purchased from SaskAlta Farms in the spring of 2016. This herd sire was an absolute stand out as a yearling and we really appreciated his mother, SaskAlta MS Morrison 167U. BTR 167U offered an outcross pedigree to our program and we felt a proven cow of her caliber had to be bred into our cowherd. BTR 112C throws that Bardolene consistency into his progeny and has bred extremely well for us.

Ranchers Choice Tommy 182B was our pick of the pen as a yearling at SaskAlta Farms. Kim Robertson was so high on this yearling bull they decided to keep him as a herd bull. We were fortunate to have the opportunity to buy him as a three-year-old in the SaskAlta Farms' Dispersal Sale. BTR 182B's dam, SaskAlta Annie K 413U, was a top female at SaskAlta and is a known daughter to the Double AA Bardolene 422'03. When we were touring the SaskAlta cowherd, the RCE 422N cattle consistently stood out. If you are looking to add thickness, muscle, and performance into your operation I highly recommend Ranchers Choice Tommy 182B progeny.

Angus Acres Jumbo 7B was a bull that really grabbed my attention when visiting Angus Acres the summer of 2018. His overall smoothness, athleticism, balance, and eye appeal was greatly admired. Angus Acres Jumbo 7B's dam, Angus Acres Royal Velvet 99R, was a well-proven elite dam for Dwight and Jo-Anne Mackay. MKY 99N is backed by one of the cornerstone cow families at Angus Acres, the Royal Velvet cow family. At the age of seven, Angus Acres Jumbo still walks our ranch as sound as the day he arrived. If you are looking for maternal, outcross genetics with longevity we highly recommend looking at the Jumbo 7B progeny.

The Bandolier line of cattle were brought into our program 16 years ago when we leased the bull Johnston Bandolier 170F from Isaac Schellenberg. This line continues to excel in length, performance, and overall depth of body. The daughters are easy fleshing, functional cattle with longevity. We are pleased to announce that Fleury Bandolier 61D is back in our bull battery to continue this proven line of cattle. This herd bull was the high-selling, leadoff bull in our 2018 bull sale selling to Bronyx Angus. FAR 61D is a long bodied, big footed, stylish herd bull that will play a significant role in our breeding program in the future. FAR 61D's pedigree combines the Bardolene, Blackman, Bardolier, and Bandolier lines of cattle. These four lines have played a crucial role in building our cowherd to what it is today. His dam, Double AA Annie K 224'05, was a deep bodied, powerful cow and was extremely good-footed offering the predictability of the Annie K cow.

We have always admired the Winston line of cattle. This line is known for their overall smoothness, style, calving ease, and exceptional females. We feel Fleury Winston 26F is the most complete Winston 249B son to surface to date. His dam, Double AA Blackbird 903D, is a long-bodied, smooth-made female that is one of our top producing young females in the herd. RCE 903D's pedigree pools the predictable Bardolene line of cattle with the outcross Blackbird line. We are thrilled to have a Winston son of this caliber enter our breeding program and feel that he will complement our cattle.

We are very excited to introduce Fleury Blackman 42F. FAR 42F is noted for his overall style, muscle, and thickness. We really admire the heel and foot under this bull. Fleury Blackman 42F was an absolute standout as a calf and we have the utmost confidence this young herd bull possesses the qualities to move our Blackman line of cattle forward. His dam, FAR 167B, has proven herself to be a top producing cow in our breeding program. Fleury Blackcap 167B is admired for her femininity, balance, thickness, and style. The Blackcap line of cattle was the first cow family established at Fleury Cattle Company. This cow family is extremely maternal and are big producing cattle.

Fleury Bardolene 128F was selected to continue the Bardolene line in our cowherd. This Bardolene herd bull is an extremely thick, heavy muscled bull with added performance and depth. The Bardolene line continues to be one of our primary lines and we feel FAR 128F will continue to breed the predictability that the Bardolene cattle are known for. FAR 128F's dam, Fleury Annie K 20A, is a larger framed cow who is noticed for her thickness and volume. Fleury Bardolene 128F's granddam, Fleury Annie K 74X, has had a substantial influence on our breeding program. We anticipate a strong future for this young herd bull; combining the Annie K and Bardolene lines gives us nothing but confidence in him.

We are pleased to introduce Glen Islay Headliner 12E as a future herd sire. It is with excitement that we partner with such a renowned breeder, Don Currie of Glen Islay Angus, on Headliner 12E. Headliner is deep and heavy muscled with a lot of depth and has a great disposition. JPC 12E offers our customers a complete outcross pedigree on the top-side allowing us to line breed the maternal side back into our program. JPC 12E's dam, Double AA Annie K 203'06, is a prolific cow within the Angus breed, proving herself as top producer raising many herd bulls and replacement females throughout Canada.

# *Our customers' health and safety* **IS A PRIORITY TO US.**

We encourage you to come out to the ranch prior to the sale to view the bulls and will ensure a safe, socially distanced environment. With today's regulations we plan to have a live auction broadcasting on DLMS and host a small crowd following social distancing guidelines on sale day. Please contact us prior to sale day if you plan to attend in person so we can ensure numbers follow current guidelines. We offer a sight unseen purchase program and with the help of DLMS and our sale staff we hope to make your bull buying experience a safe and enjoyable one.

## **Can't make it to the sale? Watch & Bid Online.**

**With DLMS you can Watch, Listen & Bid on your computer  
just like you were there with online bidding over the internet**

### **Instructions for Viewing And Bidding At the Sale**

Visit [www.dlms.ca](http://www.dlms.ca), Fill out the registration form located under registration and sign-up for your free user account to select a username and password.

**BIDDERS** - To be approved as a bidder, Log in and click BUYER APPROVAL tab, select the sale you are interested in bidding at and click sign up.

**For more information or for help getting approved Call:**
